# Business is booming!

Dayton, Ohio.

Merchants everywhere tell our 800 salesmen that business is booming.

Farmers have had two record crops, at big prices, with big demand at home and abroad.

Stocks of manufactured material are short, and labor is in great demand.

Exports largely exceed imports.

Factories are busy, many working overtime.

More freight cars are needed, and steamers are taxed to capacity.

People are living better, and spending their money more freely.

This country has the best money in the world, and more of it than ever before.

Such a combination of favorable circumstances never has occurred before, and probably will never occur again.

Billions of dollars are passing over the merchants' counters.

The people who spend this money want the best service.

They demand it in all kinds of stores, from the smallest to the largest.

They get it in stores which use our up-to-date Cash Registers, which quicken service, stop mistakes, satisfy customers, and increase profits.

Over a million merchants have proved our Cash Registers to be a business necessity.

[Signed]
